GOODYEAR FORWARD

Goodyear Forward is a transformation plan designed to deliver significant margin expansion and reduce leverage to drive substantial shareholder value creation. Segment operating income benefited by \$480 million in 2024. We expect an additional benefit of \$750 million in segment operating income from this program in 2025, of which \$200 million was achieved during the first quarter of 2025. The annualized run rate targets were increased from \$1.3 billion to \$1.5 billion in Q3 2024. During early 2025, we completed the sale of the Off-the-Road tire business and the sale of the Dunlop brand, resulting in combined gross proceeds of ~ \$1.6 billion.

FORWARD-LOOKING STATEMENTS

Certain information contained in this presentation constitutes forward-looking statements for purposes of the safe harbor provisions of The Private Securities Litigation Reform Act of 1995. There are a variety of factors, many of which are beyond our control, that affect our operations, performance, business strategy and results and could cause our actual results and experience to differ materially from the assumptions, expectations and objectives expressed in any forward-looking statements. These factors include, but are not limited to: our ability to implement successfully the Goodyear Forward plan and our other strategic initiatives, including the sale our chemical business; actions and initiatives taken by both current and potential competitors; increases in the prices paid for raw materials and energy; inflationary cost pressures; delays or disruptions in our supply chain or the provision of services to us; a prolonged economic downturn or period of economic uncertainty; deteriorating economic conditions or an inability to access capital markets; a labor strike, work stoppage, labor shortage or other similar event; financial difficulties, work stoppages, labor shortages or supply disruptions at our suppliers or customers; the adequacy of our capital expenditures; changes in tariffs, trade agreements or trade restrictions; foreign currency translation and transaction risks; our failure to comply with a material covenant in our debt obligations; potential adverse consequences of litigation involving the company; as well as the effects of more general factors such as changes in general market, economic or political conditions or in legislation, regulation or public policy. Additional factors are discussed in our filings with the Securities and Exchange Commission, including our annual report on Form 10-K, quarterly reports on Form 10-Q and current reports on Form 8-K. In addition, any forward-looking statements represent our estimates only as of today and should not be relied upon as representing our estimate

Highlights Financial Results SBU Results Outlook Important Disclosures Appendix

IMPORTANT DISCLOSURES

USE OF NON-GAAP FINANCIAL MEASURES (Unaudited)

This presentation presents non-GAAP financial measures, including Total Segment Operating Income and Margin, Free Cash Flow, Adjusted Net Income (Loss) and Adjusted Diluted Earnings Per Share (EPS), which are important financial measures for the company but are not financial measures defined by U.S. GAAP, and should not be construed as alternatives to corresponding financial measures presented in accordance with U.S. GAAP.

Total Segment Operating Income is the sum of the individual strategic business units' (SBUs') Segment Operating Income as determined in accordance with U.S. GAAP. Total Segment Operating Margin is Total Segment Operating Income divided by Net Sales as determined in accordance with U.S. GAAP. Management believes that Total Segment Operating Income and Margin are useful because they represent the aggregate value of income created by the company's SBUs and exclude items not directly related to the SBUs for performance evaluation purposes. The most directly comparable U.S. GAAP financial measures to Total Segment Operating Income and Margin are Goodyear Net Income (Loss) and Return on Net Sales (which is calculated by dividing Goodyear Net Income (Loss) by Net Sales).

Free Cash Flow is the company's Cash Flows from Operating Activities as determined in accordance with U.S. GAAP, less capital expenditures, net of insurance recoveries. Management believes that Free Cash Flow is useful because it represents the cash generating capability of the company's ongoing operations, after taking into consideration capital expenditures necessary to maintain its business and pursue growth opportunities. The most directly comparable U.S. GAAP financial measure is Cash Flows from Operating Activities.

Adjusted Net Income (Loss) is Goodyear Net Income (Loss) as determined in accordance with U.S. GAAP adjusted for certain significant items. Adjusted Diluted Earnings Per Share (EPS) is the company's Adjusted Net Income (Loss) divided by Weighted Average Shares Outstanding-Diluted as determined in accordance with U.S. GAAP.

Management believes that Adjusted Net Income (Loss) and Adjusted Diluted Earnings Per Share (EPS) are useful because they represent how management reviews the operating results of the company excluding the impacts of rationalizations, asset write-offs, accelerated depreciation, impairments, asset sales and certain other significant items.

It should be noted that other companies may calculate similarly-titled non-GAAP financial measures differently and, as a result, the measures presented herein may not be comparable to such similarly-titled measures reported by other companies. See the following tables for reconciliations of historical Total Segment Operating Income and Margin, Free Cash Flow, Adjusted Net Income (Loss) and Adjusted Diluted Earnings Per Share to the most directly comparable U.S. GAAP financial measures.

END NOTES

- Segment Operating Income (SOI) results first quarter 2025 versus 2024: (a) OTR sale impact excludes stranded costs, licensing agreement and off-take agreement; (b) Raw materials variance excludes raw material cost saving measures; (c) Goodyear Forward includes cost actions and margin expansion and excludes Goodyear Forward fees; (d) Estimated impact of general inflation (wages, utilities, energy, transportation and other); (e) Includes higher earnings in other-tire related businesses, lower compensation costs and the nonrecurrence of the fire at our Debica, Poland facility
- 2 2025 SOI and Other Financial Assumptions: (a) Except as otherwise noted, excludes impacts related to divestitures as part of Goodyear Forward; (b) Includes commodity and foreign exchange spot rates; (c) Assumes no refinancing activity; (d) Excludes one-time charges and benefits from pension settlements and curtailments; (e) Excludes one-time items; (f) Excludes accelerated depreciation and lease costs, amortization or other asset write-offs associated with rationalization plans; (g) Excludes direct benefit payments
- Debt maturity schedule is based on pro forma March 31, 2025 balance sheet values which have been adjusted to reflect the planned repayment of \$675 million of third-party debt and excludes notes payable, finance and operating leases and other domestic and foreign debt: (a) At March 31, 2025, there were \$1,430 million of borrowings and \$1 million of letters of credit issued under the \$2.75 billion first lien revolving credit facility; (b) At March 31, 2025, the amounts available and utilized under the Pan-European securitization program totaled \$130 million (€120 million) and the designated maximum amount of the facility was \$324 million (€300 million); (c) At March 31, 2025, there were \$194 million (€180 million) under the German tranche, no borrowings outstanding under the all-borrower tranche and no letters of credit issued under the €800 million European revolving credit facility
- 4 (a) Working capital represents accounts receivable and inventories, less accounts payable trade; (b) the March 31, 2025 balance has been adjusted to reflect the planned repayment of \$675 million of third-party debt
- 5 (a) Other includes amortization and write-off of debt issuance costs, net pension curtailments and settlements, net rationalization charges, net (gains) losses on asset sales, operating lease expense and payments, compensation and benefits less pension expense, other current liabilities, and other assets and liabilities
